

If you use Internet Explorer please perform the following steps as mentioned below

- Add the URL

https://ws-infotraaxapp.hendrickson-intl.com to IE's Trusted Sites list. You can get there by clicking on Tools -> Internet options on the IE browser bar

Then click on the Custom level button and scroll down to the bottom to set the property as below

- Modify the options of the Trusted Sites zone and set the "Enable XSS Filter" property to "Disable"

- Restart the browser and the reports should now execute
